

Horizon, Comet, Nippon & Bombardier New Passenger Car Announcement (March 2026)

AZL is proud to field a large array of new passenger cars. All new tooling. Returning products are the Bombardiers. (As with the F59PHI, the old Bombardier Cars molds were never handed over to AZL)

Amtrak Horizon Passenger Cars

Used on Amtrak short hauls initially on the East Coast, these cars are often seen as replacement cars in Amtrak consist out West. Paint schemes Amtrak phase III and IV

Comet Commuter Passenger Cars

This is the Commuter version of the Horizon cars. Used by Boston MBTA, EL, Metro North, Connecticut DOT, SEPTA, Utah Front Runner and MARC

Nippon Gallery Commuter Passenger Cars

These Bi-Level cars are (were) used on Caltrain, Metra and VRE

Bombardier Commuter Passenger Cars

Bombardiers are back with new paint schemes and newly designed safety end car. First run railroads include Caltrain, Metrolink, Coaster, Sounder, GO Transit, Altamont ACE, Utah Frontrunner, NM Rail Runner, Florida Tri-Rail and Orlando Sun Rail
